

RETALLACK

RESORT AND SPA

WHERE WOULD YOU GO FOR THE PERFECT HOLIDAY?

Somewhere that understands there's more to relaxing properly than a sun-lounger and a cold drink. One person's restful is another's dull, what's energising for this visitor can be exhausting for that, so somewhere that understands no two holidays can be identical, because no two people are. Somewhere beautiful that soothes, stimulates, refreshes and rejuvenates, that frees you to be yourself again. Somewhere like this...

WELCOME TO RETALLACK
THE ULTIMATE ALL YEAR ROUND RESORT

Retallack is a five star Cornish resort and spa. What you'll find here - apart from the highest standards and the most relentless attention to detail - is a perfect balance...

A perfect balance between rural tranquillity, relaxing and wallowing in luxury; and the proximity of some of Europe's most beautiful beaches, trying activities as pulse-quickenng and adrenaline charged as you dare.

Perhaps you can't please everyone all the time, but we don't think that need be an excuse not to try. Children and adults alike will find here the means to play, stay in, venture out, enjoy some peace, socialise, test themselves and indulge themselves.

We're close enough to road, rail and air links to be easily found, far enough from it all for you to believe you've found your own perfect piece of Cornwall.

And you'd be right, you have...

Beautifully set amongst established lakes and landscaped gardens, all aspects of Retallack's holiday homes are characterised by the most thorough approach possible.

It might be time to reconsider your expectations of what a holiday home is all about. The solid oak floors, the granite marble work-surfaces, the drawers and doors that glide smoothly and close properly. Everything says solidity, a refusal to compromise and no corners cut.

STAY FOR A WHILE

Relax, you're on holiday; all you have to think about is pleasure, comfort and luxury. Our holiday homes are carefully designed, sumptuously furnished and finished by people who understand that getting the big picture right is a question of getting hundreds of tiny pictures right first.

Two tennis courts, with rackets and balls available at reception.

Golf Course

At 630m long, our 9-hole, par 3 all-weather pitch and putt golf course is perfect for the family or for those who fancy swinging a club for the first time. (Plenty of tougher, 18-hole challenges for the more seasoned golfer are easily accessible close by.)

There'll always be something to occupy the children. Retallack is somewhere they can safely play for as long as they want. Here they can run, splash, swim and laugh; they can make friends, dress up, go to discos, build up memories, happily exhaust themselves and learn that the phrase "a Cornish holiday" means pretty much the same as "a fantastic time".

As if our Aerial Slide, Pirate Ship climbing frame and trampoline aren't enough, in peak season, there's our Kids' Club too. It's a great way to mix with other kids, make things, try stuff and burn off energy in outdoor games.

TIME TO PLAY

Come rain or shine, you're sure to find something to capture your imagination at our resort. Whether strenuous or indulgent, inside or out - Retallack Resort has it all.

REVIVE

ESCAPE TO EVERYWHERE

Retallack Resort and Spa couldn't be in a better position for you to explore the beauty and magic of Cornwall.

From north coast to south; renowned restaurants, galleries and gardens to beaches and trails, it's all here, waiting for you.

SO CLOSE TO SO MUCH

Explore and Discover

The harbours and beaches of North Cornwall offer plenty of opportunities for water sports and boat trips. More and more of them also boast renowned restaurants such as the Jamie Oliver inspired Fifteen Cornwall, and Rick Stein's restaurants in Padstow. The experiences don't stop there with the Camel Valley vineyard only a few minutes away.

Further inland are the world-renowned Eden Project (a short drive away) and any number of chances to ride horses or bikes, including the camel trail, 2 miles of off road trail through some of England's most beautiful and relatively unknown coastal scenery and countryside. For a more urban experience you can visit Truro, a short distance away, with its shops, bars and beautiful Georgian architecture.

Great Beaches

Cornwall's Atlantic coast is famous for high drama and breathtaking beaches. (And whether you're an expert or a novice, you should try throwing yourself at some of Europe's best surf.) Newquay and Polzeath are minutes away, but up and down the whole coast are beaches with names you won't know but views you'll never forget.

ESCAPE

WE'LL LOOK AFTER YOU

You can be as dependent or independent here as you like. If you keep yourselves to yourselves we won't take it personally, but neither do we mind if you treat this place like a hotel. That's why we're here.

Ask us for help with arranging anything - car hire, a restaurant and theatre-booking, childcare or surf-lessons, unpacking your shopping or delivering fresh bread, papers or milk. Make use of the phone links to Retallack Concierge at Reception and enjoy the Five Star Treatment.
